Subject: Reduction of Reclamation Surety, Geneva Rock Products, Corinne Quarry,  
M/003/0082, Box Elder County, Utah

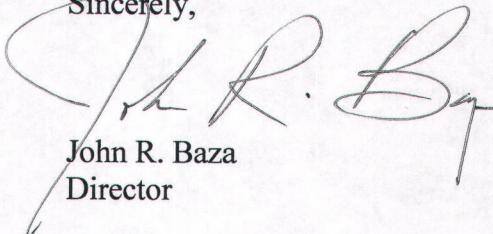

Dear Mr. Clyde:

The Division of Oil, Gas and Mining approves the revised reclamation cost estimate for the Corinne quarry which was received November 16, 2015. The new calculations show a decrease in the required reclamation surety for this project from the current \$1,186,000.00 to the new calculated amount of \$954,000.00. The Division authorizes this reduction though you may leave the surety at its current amount. The Division will now consider that the surety is escalated to November 16, 2020.

Attached to this letter is a copy of the calculations stamped approved for inclusion in your copy of the Notice of Intention to Commence Large Mining Operations.

Please call Lynn Kunzler at 801-538-5310 or Paul Baker at 801-538-5261 if you have questions about this action.

Sincerely,

John R. Baza  
Director
